# MEREHEAD

Blockchain development company

WE ELEGANTLY CONVERT BUSINESS IDEAS INTO HI-END DIGITAL PRODUCT

**Merehead** is an IT development company focused on delivering high-performance solutions based on blockchain across industries.

TRANSFORM YOUR BUSINESS WITH OUR CUTTING-EDGE TECHNOLOGY

MEREHEAD

# 1

**G** — Get turn-key blockchain-powered software business solution.

# 2

**I** — Implement real IoT solutions using blockchain technology, ensuring safe data and assets/value transfer between devices.
# 3

**E** — Extend your team with engineers and scientists with solid expertise in distributed systems to boost R&D projects.

# 4

**A** — Apply tokenization in various business models, including further technical development and solutions implementation in your project ecosystem.

MEREHEAD

## Transparency

Increased transparency of transaction history through blockchain technology

## Efficiency

Transactions are faster and more efficient through the automation of blockchain technology.
## Traceability

Historical transaction data are recorded in detail to better trace assets and prevent fraud.

## Security

Each transaction must be agreed upon in advance. Once a transaction is confirmed, the information is encrypted and linked to previous transactions to enhance data security.

## Costs

Reduced costs for middlemen. Due to the high level of security, the participants in the transaction will be allowed to access a single, unaltered version.

**1.** You contact us

**2.** We discuss the details of your project and clarify all the technical aspects.

**3.** We offer suitable blockchain solution & form team of experts.

**4.** Implementation of additional features, if required.

**5.** You get the ready product in a timely manner.

## Blockchain ecosystem

### Secure File Transfers

Utilizes unique functionality available in its Alysides Blockchain to provide military grade secure file transfer capability. Superior security is complemented with the ability to handle extremely large files (+ 1TB).

### Secure IP Management

Provides a framework for individuals and businesses to register, update, buy/sell,license, transfer, manage and borrow against their digital assets safely and securely via the Blockchain.

### Secure Payments

Leverages smart contracts to provide digital escrow capability to businesses and their customers to mitigate risk of non-performance and/or non-payment.

MEREHEAD.COM

# Wide Wine

## Supply chain to combat smuggling and theft

---

### Blockchain

A platform to help track shipments of expensive Spanish wines. For example, wine goes from Spain to Rome, then Warsaw, then Kiev and a particular store. This is all fixed in a blockchain-based system and by the qr code on a bottle of wine a person can see this way. If the wine has to be in a particular store, it's not there, it's either stolen or counterfeited.

### Security

Authorized distributors have access to the system with limited rights and the ability to record the arrival of goods.

### CRM

Synchronizing data with the CRM system.

### API

An API has been developed that allows you to fix supply points in the future automatically.

**PACK DETAILS**

Lorem ipsum, or lipsum as it is sometimes known, is dummy text used in laying out print, graphic or web designs. The passage is attributed to an unknown typesetter in the 15th century who is thought to have scrambled parts of Cicero's De Finibus Bonorum et Malorum for use in a type specimen book.

MEREHEAD

## Toby Cronshaw

Creative Director @
Duke Boxer Ltd

**Merehead** has been an invaluable partner for us in helping us to develop and deliver our visions through custom-built web applications to our clients. Their knowledge and development skills means we can **rely on them** to produce a high-quality product every time, which allows Duke Boxer to focus on other aspects of the build. Their expertise and innovative suggestions make application development a much smoother process for us and we highly recommend them.

## Victor

Co-founder
TorMarket

We really like the attitude and interaction with **Merehead**, as they treat the project and us not as a customer, but as their own business. The management of the company and the specialists with whom we cooperate always **suggest new solutions** and help to improve. We have been cooperating with the company for **1.5 years** and are satisfied with the result.
